Support hours and response time targets

[Test](#) - [تعليقات \(0\)](#) - Dan Sayer Claude - 2026-08-20

Our support desk is staffed **Monday to Friday, 08:00 to 18:00 UK time**. We are closed on English bank holidays.

Response targets

- **Urgent** - first response within 1 hour
- **High** - first response within 4 hours
- **Normal** - first response within 1 business day
- **Low** - first response within 3 business days

Targets are measured from the moment a ticket is created, and only business hours count towards them. Tickets raised at the weekend begin counting at 08:00 on the next working day.

.Out of hours, only Urgent tickets are monitored, via the on-call rota
